

Part 1 Raphia and Panium – 1st March 2019

The history of Pyrrhus in 2 parts – Macedonian and Italy = KS history in 2 parts

Which illustrates the KS in our time from the TOE – Stalin and Putin

We have understood the KN for some time (even with some misunderstandings) – but we have trouble with KS

Alpha history = Macedonia

Omega history – Italy

We have covered his history in classes and want to make application

10 yrs.....TOE. (1989)

10 yr history that serves as warning for God's people – you can observe a few events but want us to see proxy war between KN and KS – between USSR and USA – Afghanistan –

1989 – defeat of KS – Dan 11:40b – begins to fall to 1991 – when fully dead = 2yr period

317 to 307 – 10 yrs disagreement over sphere of influence – of Athens and Greek city states – at end of 10 yrs – Demetrius frees Athens – symbol of KN – Pyrrhus – KS

Italy – Rome in North, Pyrrhus and Terrentum in South – City states split from South and ally with North – they come under Pyrrhus and Thurey changes allegiance from South to North – making application of 1989 – when KS defeated in 1989 you have all these satellite countries that change their allegiance – from KS to KN – so KS is defeated

1929 – WW2 – conflict in Europe between fascism and communism – proxy war – between USSR and Germany – Spanish civil war

Satellite state – just want us to consider 1 – Ukraine – in 1989 like all states – begins process of separation from USSR – as war comes to end

WW2 – can see fascism and communism are set up as mortal enemies – so what surprised everyone – was shortly after conflict they became allies – Molotov pact (23rd Aug 1939) (Hitler had already said he wanted to take down USSR – so surprises everyone going into a pact

Pyrrhus – alliance between him and Demetrius

Pyrrhus in Italy = 285 Thurey changes allegiance (asks for help from Rome) they came down and placed garrison in Thurey and sailed ships into bay of Terrentum – Thurey responded expelling them from garrison – they had old pact with Rome - that it was not going to sail ships into bay –

1991 – and these states change allegiance from USSR to the West – was there an old agreement that allocated that region to USSR – yes! – an agreement was reached at end of ww2 0 that they would come under USSR – 1990 – it was also agreed that if Gorbachev honoured his agreements with west that USA would not expand NATO into eastern Europe – beyond Eastern Germany – that USA would honour that USSR had authority over Europe – this was between USA and USSR – and the USA did not honour this agreement – Putin likes to bring this up – that he is right and USA are wrong

Pyrrhus – Thurey applies for Rome's protection – 282 – they ask for Rome's protection again – this causes Terrentum to respond – Ukraine allies with West –

2014 – it allies with the West

Thurey – has 2 political parties – 1 side wants to ally with Rome – and the Terrentum side are relatives to Thurey

The political side that wants to ally with Rome – wins

In 2013-14 there are 2 parties in Ukraine – 1 wants to ally with Russia – early 2014 1 is overthrown – and the 1 that wants to ally with USA wins election and wants to go into economic agreements with Europe. This former satellite state – breaks free from master and allies with West in 2014

Thurey – when splits from Terrentum and allies with Rome – Terrentum tries to take it back by force
2014 – Russia attacks and takes the Crimea – attacks Ukraine – to stop it allying with West.

So Omega parallels with theirs – in this struggle between KN and KS – suddenly and unexpectedly there is alliance between KN and KS

1989 news article about the Molotov pact – between Germ and USSR this is when USSR admitted this pact for the 1st time. USSR senior member of Gov – admitted that before going to war with each other – Stalin and Hitler signed a secret pact – there was collusion between USSR and Nazi Germany.

Collusion between KN and KS

Putin and Trump – collusion is the word being used in our press – can place it in 2014 – why go into alliance? – same reason as Stalin and Hitler – esp Hitler – on West he had Poland, England and France – he wanted Poland – but would have taken on all 3

WW1 Germany had disadvantage – fighting on West between France and Britain and USA – when you consider Germ has many borders – has enemies both sides. He needed to have peace on Eastern front (and trade reasons) to attack west – so made pact

Pyrrhus – alliance bet him and Dem leads up to battle of Ipsus – they enter into battle with 3 allies – Sel, Ly etc

Trump is going to go to war on the Western front – 3 branches of US gov – (So Hitler takes Poland and goes on prolonged war with west and supported by Stalin)

2016 Trump takes on Executive branch = presidency, then goes on prolonged war with legislative and judicial branches – war on western front

War inside the USA – as Trump takes the powers of a dictator and begins to take on the rest of gov

Want to go into Ipsus – and these histories are the reason we know it is 2016 – attempt to understand the ancient battle as it typifies the USA

History of Italy – Pyrrhus is doing a work in his own territory – Terrentum

2016 - Putin does interesting things in USSR – same as Prh in Terrentum – he does 2 things – establishes a national guard

1989 – who overthrew USSR – his own people overthrew him – no army – TOE KN defeats KS – by causing the KS to be overthrown by their own people – no foreign army –

1989 – Putin is KGB agent in East Germany – he is afraid and threatened and USSR won't help him

1990 Putin back in Russia and outside his KGB building – protesters have ropes and throwing down statues of leaders – so weak inside

2011 has had 4 yr break from presidency and announces he is coming back – this caused greatest protest since 1991 – which Putin had seen – and this is next time he sees his people rise up against him – so he begins to make plans to establish a national guard – highly armed trained troops that are loyal to 1 person – that can arrest and kill without warning, disband any organisation that he would consider a threat to his presidency – strongest and most dangerous troops under authority of his body guard – about 300 to 400, 000 soldiers – separate from army of Russia –

So what he has created in 2016 is his own personal army. They are more independent – under authority and designed to protect 1 man = Putin – protecting himself from his own people

2 – what he is doing with internet censorship – same method of controlling his people – 2011 they have free internet – (like any democratic country) so from 2016 – he begins to bring in restricted internet like China has –

2016 – need to see difference with Pyhrrus history – in his line – how many battles? 2 histories – Macedonian and Italy – 4 battles:

Ipsus

Heraclea

Asculum (279) - Raphia

Beneventum (275) - Panium

We have been considering Raphia and Panium in our history – but see 4 here

2016 – 1st battle is KN and KS in alliance – Ipsus

Heraclea – breakdown in alliance – so this is before 2019 – we only have 1 other waymark

2018 – must be Heraclea

4 battles (not 2)

285 Pyr is defeated – loses all – but has 2nd attempt to take back empire in 272 – so has opp to come back from 285 – but in 272 he is killed and cannot come back

1989 KS is killed – but will come back and have 2nd attempt at SL – but after that cannot resurrect

Go back a waymark – to Battle of Beneventum – that lines up with 287 in Macedonia line

287 – KS wins the battle (Pyrr against Dem)

Beneventum – KN wins

1945 – KS (USSR wins that battle) over Germany

Panium – KN wins

Back another waymark – Asculum (Raphia)

289 – 88 – Dem invades Epirus – and KN wins

Macedonia – there is a battle between Pyr and Dem – and who wins the battle –

279 – Pyrrhus wins battle of Asculum

WW2 - harder to see as not marking battles but invasions – operation Barborassa – Hitler invades USSR with great deal of success – KN

Raphia (our history) – victory for KS –

Next waymark – Heraclea

291 – Pyrrhus invades Thesali – and all dem has to do is to pull his army against him – and Pyr runs away – victory for KN

Heraclea – who wins –KS

Aug 1940 - one month where alliance breaks down – victory for Hitler – KN

2018 – who won:? KS (Putin)

So there are diff between alpha and omega history – so in alpha history – it parallels ours –

Macedonian and Italy are opposite – and this parallels

WW2 and us

2018 alliance is strained – but not broken – at Raphia it is broken and war on eastern front – and you can mark 3 battles bet KN and KS

So this is giving us history of RAphia and PAnium – so want us to study Ipsus and Heraclea this week – as many are wondering what Raphia looks like – but this is a 4 battle war and we are 2 battles in – so need to consider 2016 and 2018 and then we will understand –

Then we can be certain what RAphia looks like – how the history develops need to thread waymarks through the entire history from 1989

Could have saved ourselves from mistakes – like expecting a hot war – we can see now what Putin wants to win at RAphia – so will begin tomorrow – this is evidence we use to place 4 battles in our history

Ipsus is 2016 election – whether collusion between KS and KN.

Battles and who wins:

Alpha (Macedonia)	KN	KN	KS	KS dies (but will come back)
Omega (Italy)	KS	KS	KN	KS dies
Alpha (WW2)	KN	KN	KS	KS dies (but will come back)
Omega (our history)	KS	KS	KN	KS dies

Prayer – thank you for beginning of camp and people safe arrival

Part 2 – Internal and External - 2nd March 2019

Line up Millerite history and ours = alpha and omega

April 19.....July 21.....aug 1.....Aug 15.....Oct 22

911.....2014.....2016.....2018.....2019

We have to have thread thru the dates – can't take one date on its own – or come to wrong conclusions – need a story – in its history.

Eg what is the battle between the KN and KS in 2018? And how is it connected to previous waymarks

Internal message in Millerite history – but ours is connected to external events – so if good millerite – you only have to accept the internal event – you can't see an external event.

Eg we can only understand what kind of war at 2019 if we have a story – (not a hot war) we miss the point when we see Putin develop a new missile! Can only say a hot war if we disconnect it from previous story and dates.

Purpose of these studies is to look back at history and trace history of our movt – the story of the priests:

1989.....911.....2014 (SL)2018 (LC).....2019 (COP)

2012 – 2014 was predicted

Britian people said we have a message based on time – and predicted a SL in 2014 – this went to USA in 2012 – and was rejected – the leaders rejected the message – we can't predict time – this is fanaticism and they had no part in it.

2018 – 6 yrs later time was accepted –

2014 comes and was not a waymark – it was SL and we did not recognise it – we went thru it and recognised it afterward

2016 – want to discuss

2018 the LC comes to a peak and time finally accepted. What was the SL in 2014? I am not going to answer that – but externally there is an event – where did it come from

2012 – British company (that began in 1989 - it moved from UK to USA and designed to do a work – task is to win presidency for Donald Trump – but if USA would pass a SL in 2014 – it has a problem – a democrat and constitution lawyer is president!! – He and party are fighting to remove patriot act.

Internally – message of 2014 was rejected by the leader

External – leader Obama rejects SL.

2014 – failed to do its work – but 2016 – trump accepted

1989 – 91 – fall of KS – and WWW developed

We had 2yr process internally from 1989 (did we?)

2012 – message goes to USA from UK (same with company)

2014 – study on US people –

2015 – becomes visible – leader in external and invisible (Parminder and Trump)

2016 - leaders of this work make themselves visible – there was an anointing – Elder Parminder

Election – trump becomes visible

Need to be aware and careful – when we see what the leaders do – we follow – and chose our salvation belief based on that – if 2014 was a COP – we would have been lost – as we like sheep follow the leaders – but God was merciful – He gave us 6yrs!!

We need to understand what we believe ourselves

If we want to understand 2019 we must understand its development

Ipsus - 2016

Heraclea - 2018

Asculum

Beneventum

And we are 2 battles into the war

2001 to 2019- is revolution

2020 is counter revolution – and we need to understand what that looks like....

The weapons used from 2020 will be those developed from 2001 to 2018

We need to go in and look at Ipsus history – to understand it.

Look at Pyrrhus – he has alpha and omega

The alpha for us is Stalin vs Hitler

Papacy and Germany went into alliance to take down communist USSR

Proxy war to take down KS south

KN and KS – had been bitter enemies and go into alliance and work together..

Alliance between Pyrrhus and Demetrius

1939 – alliance between hitler and USSR

They work together for a period of time – then breakdown of relation and healed – then fight again

Ipsus – history is in Dan 8:8 (not written there but in that time)

We see rise of hegoat – has 1 great horn – and broken at height of power

323 BC..... – horn broken – Alex dies – kingdom breaks down into

North – Lysimachas

East – Selecus

South – Ptolemy

W – Cassander

323 – divided into many parts – then over 22yrs it goes from many to 4 generals – 4 Diadochi wars – the generals fight amongst themselves inside Greece – until

301 = from 3rd war to end of 4th – there are 5 generals – Antigonus

He created such an empire that other generals not able to defeat him.

315BC is when the 3rd war begins

Antigonus = was the only general left who wanted to unite the empire and keep the original Greece – when he died the empire was forever split

Each of the others wanted their own empire.

301 = empire permanently split (cause is Alex death and effect is forever split to 4 winds – directions of compass)

301 – only 3-4yrs it remains in 4 – until death of Cassander

So Daniel skips nearly 15yrs of 5 generals – more important – so have a history and Daniel picks out the symbols he wants

So this is the history of Ipsus (that he misses) 301

301 – 3 generals meet Antigonus at Ipsus – Against (Cass, Lysym and Sel) (Ptolemy has gone back to Egypt)

Sel, Cass and Lys – have been preparing for 15yrs as they quarrelled

Antigonus is 80 yrs old – old to fight a battle – but has son helping him

Ipsus in 2016 – reason I want us to consider this – we cannot get to 2019 if we reject the external event and what that is teaching us.

After 2012 we had diff time understanding external events – we failed 2014 and 16 and not sure about 18!

We failed to identify the president – and we were required to do it –

We need to see why we failed so we don't fail again

If we got to 2016 and did not understand what was happening – how will we pass 2019

Need to understand the republican party – now – nothing is going to change – if we don't see it now – we won't see it then. Should have seen it based on their words in 2016

2016 – someone started speaking on behalf of apostate Protestantism – Ipsus - - it illustrates the US election cycle in 2016 – amazing!!

Purpose of MC is to shine light into the future and the past – if don't understand past you wont understand the future

Prayer

Part 3 - Information War - 3rd March 2019

4 battles – if 2 past – we need to understand them in order to understand Raphia (3rd battle)

Ipsus – what decided it? Elephants – new mode of warfare

Same in Heraclea

And then Asculum and Beneventum too

We understand we will face a new mode of warfare –

2016 – same mode of warfare used as Raphia – need new weapon in 2016 – so lets discuss that battle. Last night I had questions – because we drew line of priests

2014 = SL

Some concerned about 2014 and 2012 and what it meant

So need to understand those dates

Want to read a quote from a Russian general Derasimov (2 days ago)

One of the leaders of Russian armed forces – considered a leader in Russian military – in 2013 he wrote an article – saying there is no clear border between war and peace – so war time can look like peace – but he is saying we are at war – even if it does not look it – they are already at war.

TOE – 1989 – what age are we in? – information age (in bronze age – weapons are made of the metal)

Time magazine – info age began with big bang in 1989 – we see Dan 11:40 and the wall came down – but in 2009 time magazine wrote a book to explain 1989!!

WWW invented (internet had been invented in 1969 – but no search engine or webpages – no international language – so WWW runs on top of the internet – to connect pages (not pages linked together before) Picture a spiders web – it creates connections – so could not put out or access information easily – changed internet into an engine – or vehicle – to create, put out information

1990 – 1st webpage created – 1991 0 it is released to public

1969 – called Arpanet – for military

1989 – 91 – invention, creation and release = our 2 yrs of IOK – Dan 11:40 opens up – and fall of USSR

1996 – significant year – 1st cyber attack by Russia against USA – moonlight maze = name US army gave to it. Russia after information – hacked into US navy, nasa, and other places

Google is invented in 1996 – many news organisations – like yahoo and fox started here. Breaking free from newspapers

911 – 2001 – US agencies are concerned not just about terrorists – there have been 12yrs – and if you are CIA agent trying to fight crime – before 1989 - you know how to catch criminal – (Eg track home phone) but now people are communicating in ways you can't access or track – no way of seeing peoples emails for eg- so try to bring in laws to access info on www – but US government won't let them. But when 911 happened – people afraid and government allowed them to bring these laws in - - under the patriot act – allows agencies to access info on the internet –

Bush signed it into law in Oct – 1 month after 911

Patriot Act was with purpose of allowing surveillance on the internet – used not just on terrorists but every investigation – so terrorism became an excuse for mass surveillance gov already wanted to bring this in before –

All stored data – on line – can be surveyed –

Was meant to last only 5 – 6yrs then expire – and Bush has to sign again – which he does –

After signed into law – agencies decided to read it in a vague way. Every citizen in US had their information kept – top secret that they were collecting it – and was not intended to make this known.

2004- Bush wanted to extend the patriot act – take it further into breaking the constitution – this time FBI block it!! – going too far.... – James Coney and Robert Mueller

These are the same men trying to stop Trump today and his relation to Russia – this is restraining him they were successful with Bush – but won't be successful for long with Trump

2012 –

War – there are 5 ways to fight:

Land,

Sea

Air

Outerspace

Cyber internet – 5th platform – developing from 1989

2014 – have to see this development continue – how does Gov interact with this weapon – Patriot Act attacked – right to privacy – and able to arrest without warrant

What helps us to understand external – is if we understand the internal – because this infor interacts with our waymarks –

So want to consider the internal of our history

2012 – message of time opened up in UK – which went to UK

2013 – one of the leaders (Elder Jeff rejects) – begins to see work of internal enemies- POTJ – warring against the message

Even though rejected – later identify it as SL

2015 – Parminder begins to teach – because had been silenced in that history

2016 – he is anointed

Further development is attack on constitution

(we see Republican president in 1989 and 911)

But 2014 – you have wrong president – problem with leadership

TOE _ something developed here – search for yourself

Nigel Oaks = 1989 – he begins a series of studies on behaviour – science of manipulation – known as BDW - behavioural dynamics working group – changes to behavioural dynamics institute (BDI)

1993 - He establishes company called SCL (same technique as Aristotle and Hitler) to change behaviour

Studying to manipulate emotions – began working on military campaigns then election campaigns

They would take over every news source then spread a lie – eg cloud of gas coming – stay home or you will die – so mass deception – to change behaviour

They became mercenaries – to change peoples perceptions – targeted emotions – 3rd world countries – were used – because easier – in country that is a dictatorship – that does not have free information and open media.

They have not worked in west – but enter market in 2012 – just been election in USA –

Alexander Nix – works for SCL – (high up – he was a CEO) goes to US – because republican party just lost election and were angry they wanted a tool to win the next one – with intention of working with republican party

2013 – marks a couple of problems –

2014 – 2 groups blocking a SL – Obama – the leaders – but also had enemies on the inside – Edward Snowden – contractor for CIA - he became more unhappy with what Gov doing under patriot act – he was aware that they were collecting peoples info secretly – he gathers documents (internal ones) and begins to leak them – everything that has happened from 2001 – he had to run away and now Russia protecting him. They related directly to PA

2013 – Obama is required to sign PA again – he refused – because of internal influence – people not agreed – internal war – instead of closing gov that presidents do when they can't get their way, he tried to compromise

2014 Obama is coming up with plan to partly abolish the PA _ but enough remains so Republicans pass it – he fails and writes a new act – but it fails to get through – he had majority

2015 – he no longer has majority in the house – so he abolishes part of PA _ and continues with Freedom act – he compromises it by restricting it – no violation of constitution from the Gov – they are trying to defend it.

2014 – cannot come from leadership

2013 – the company meets a couple of men – Steve Bannon – have to know his name. He single handedly organised the election of Trump and Brexit in UK

He took over SCL and it became CA – cambridge analytica

He planned to orchestrate worldwide events (fully – US is just part of his work – if there is anyone who has stood for apostate protestants, fake news, fascist far right politics, conspiracy theories and manipulating emotions – etc – it is Steve Bannon – he is apostate protestant, he speaks thru newspaper organisations and creates fears and before you know it people are thinking like apostate protestants. – he has done more to change our world than Trump has done!!

Prayer = please prepare us Lord – we only have a few months – please change our perceptions – that we would learn and unlearn what we need to.

Information War – part 2 (Part 4)– 3rd March 2019

Moonlight maze – Russia attacks USA - hacks – trying to take information

History of computers goes back to 1888!! (lines up with our waymarks)

Review of development of internet, www and google.

Newspapers like Washington post – start to go on line

1996 – new news pages appear – yahoo, google – and Krypton – Julian Lasange – and he ended up doing wikileaks

911 – Gov begin to respond

Using surveillance tools bringing in laws to control cyberspace – you can argue this violates constitution – main author of Patriot Act – afterwards he recognised they were using it to violate constitution – and he wanted to stop it. (when Ed Snowden leaked what Gov were doing)

2012 – Bush trying to push PA further and 2 leading FBI men – Robert Mueller and James Comey try and stop him – President was going to do it anyway – both men gave their resignation – they restrained the president – because he back down

From 1989 – 2004 = new president comes in Obama – he is problem because not going to support SL

Can mark 1979 – where we were supposed to recognize the proxy war – FISA court – secret starts allowing them to do online searches – they can do what they want

2014 – message comes out of Britain – 2013- - 2 enemies – leadership and internal enemies (POTJ)
2015 – Parminder begins to speak again

2016 – same person anointed

2012 – externally message comes from UK to USA – can't work for gov – because Obama – work of internal enemies – Snowden – attacking the gov itself – and the PA – (POTJ attacked the gov too – elder Jeff)

1993 – Strategic laboratory started

2012 – enters US

2013 – meets Steve Bannon – he has interesting world perspective – he believes in 4th turning point of USA – right now – he recognises a history of 4 (US revolution, civil war, great depression and now – he says in information war over culture – he wants to destroy the state – I want to bring everything crashing down – one of his main enemies is the press. He says there is a growing global revolution – information and cultural war –the US and London, England. He works in US electing Trump – and separating England from Europe (Brexit)

Christopher Wiley (begins work in 2013) and Alexander Nix – he flies these 2 to the US – and intro them to billionaire (one of main donors to republican party) he gives money and conditions –

Create an information weapon – that would win the next election – began in 2014 – it faces Obama and Snowden (2 enemies) they build weapon.

They went onto Facebook – and took data on 126m americans. About 4000 pieces of info on each person! Then have breakdown of who you are – know you better than you know yourself!! Then they will design an ad campaign – that is tailored for you.

Mark Turnball is director of SCL – 2 things when taking information – what we take on board – 2 things drive for – what we hope for and what we are afraid of (they can be unconscious) the job is to be able to go further than anyone else can – to find out what you are afraid of – when doing this advertising – it is not necessary for it to be true – just that you believe it – they know they are lies and don't care – only important thing is that [people believe it.

2014 = They took all the info and built a cultural weapon – and tried to understand how people are thinking – they put phrases – like “drain the swamp” and “build the wall” – this phrase give to Trump – they knew that it would create an emotional response – he had to convince the US public that he would build a wall.

Trump – Dec 2016 – he is talking about phrase “drain the swamp” – and he is surprised how people have responded to this phrase – but someone told him you need to say it – (CA told him to say it)

So he learnt to say it like he meant it – and the people loved it (so he is being directed)

Chris Wiley – spoke out against his company – when he saw what it was doing – and also conspiracy theories (like deep state – the state is what you see – but behind it is the rich people who use gov like puppets – it is taken on by US right = to target left – that they are globalists – there were pockets of the public who took hold of these theories.

Politics of US was like a swamp – and he would clean it up

2014 – Wiley says this is a weapon that Steve Bannon wanted to fight culture war

Alex nix said we run the data side and digital side of campaign – so they were investigated – because it was illegal

The work they have done in South America, Africa (Kenya) has been very active (and UK Brexit)

This external company from England – does the same work of the PA in 2014 – breaks down constitution and violating rights.

2015 – trump announces his run for presidency

2016 - Trump is elected.

Need to connect threads from 1989 – external events

2014 – LC begins and begins to swell (and externally too) What happens to get Trump elected – using methodology of compare and contrast

This is a parable – and uses those rules – information age – Patriot Act

We are learning to rethink what the end of the world looks like – we have preconceived ideas – thinking like Adventists. We have to unlearn what we thought. Tomorrow we will discuss 2016.

Prayer – thank you that you are willing to teach us, even in small details what is happening around us and there is no need to be afraid!

Ipsus - Part 5 – March 4th 2019

Each of 4 battles won by elephants

Ipsus, Heraclea, Asculum (Raphia) Panium

War on 2 fronts – in WW2

1941 – war begins on the eastern front (KS – USSR)

KN vs KS – Germany is well at war before fighting KS

2016 – war on western front – then at Raphia – we have US vs Russia (eastern front)

If study revolutions:

French – began at 911 and end at Raphia – we are in 2019 – it has been going for 18yrs – seen mode of warfare twice

Holocaust and persecutino – civil war started 18yrs ago – we are still expecting a hot war – still saying about to be a draft – even though in civil war for 18yrs.

Need to consider our predictions – French revolution has been going 18yrs – and nearly finished – so will be shaken if we expecting something big.

Ipsus – KN and KS in alliance (2016)

Heraclea – it has turned sour – small battle and make peace (2018)

Asculum – war begins – KS and KN = turn on each other

To understand 2016 – we went back to 1989 – and saw WWW developed – and released in 1991

1996 – Google – and news on line (yahoo and fox, and krypton)

911 – PA – mass gathering of data by US gov

2012 – Coney and Muller

2012 – SCL comes from UK to USA

2013 – Ed Snodon begins biggest leak in history

2014 – begins collecting data on personal info of people – (CA)

2015 – trump announces candidacy

2016 – trump is elected.

Weapons used in 2016 – will be developed in previous history – let us look at Ipsus (Pyrrhus history)

Dan 8:8 – Dan 11:4

Dan 11:4 And when he shall stand up, his kingdom shall be broken, and shall be divided toward the four winds of heaven; and not to his posterity, nor according to his dominion which he ruled: for his kingdom shall be plucked up, even for others beside those.

Alex kingdom divided into many parts – ends up in 4 wars – 22yrs of history – 1 empire divided into many parts – and generals fight until 4 remain – 301 Ipsus battle

4 generals

V4 – is this battle – Antigonus is killed – and division into 4 is fulfilled – (Pyrrhus is allied with Demetrius with Antigonus – who are fighting the other 3 (Cass, Lys and Sel) (Ptolemy hears the battle is being lost – and flees and goes home – but incorrect – battle not fought yet)

Really 3 fighting 2 – because Antigonus has own army and Demetrius has his

Illustrates WW2 – Hitler against the 3 allies

Antigonus – is made up of 2 words = like the ancestor – who is the ancestor?? = Alexander

He is like or compared to the ancestor – why?

What did Alex do – powerful general who united empire... why did Daniel skip 22yrs of history - because Antigonus was doing same work as Alex – what made Greece great was the same thing Antigonus was doing – as Alex – and historians agree that when he died (Antigonus) the empire was permanently split.

None of the other generals would have united the empire – so end of any unity for Alex empire – so Dan 11:4 and 8:8 – Uriah Smith marks as death of Antigonas – and not death of Alex

He is over 80yrs of age – and in previous battle – he has been blinded in one eye by an arrow – and he was given a name – in Greek – that means Antigonas the 1 eye general – when dies at Ipsus – loses his other eye –

Demetrius means – comes from Demeter who was the goddess of rain and harvest – active in summer months –

These 2 fighting the 3 allies – and they are allied with KS – (Pyrrhus alliance is with Demetrius – not Antigonus.)

2016 – who was Hilary Clinton fighting?

What did she want? – the presidency –

Donald Trump has it – she wants it

Clinton does not want Trump's belongings – they are not fighting each other – they want the 3 branches of the US gov –

2 people fighting a common enemy – she wanted the US gov.

Clinton represents Alex and Antigonus (G Washington) and Clinton and Obama – like their ancestors –

What Trump called the Swamp (or the establishment) actually represented what made US great – Washington and

This empire had 2 horns – 1 broken – in 1844 (protestant) - make it eyes – 1 eye blinded

Republican horn left (like 1 eye left – antigonus – 80yrs of age – fighting for his life with full strength – with 1 good eye – but then broken) – 2016 was the fall of Clinton – this was when eye was broken – I am going to emphasize republican – (not socialism) 1 eye had fallen or been blinded many years before – then 1 eye left – but killed or broken in 2016 – when Trump gets in.

US was raised up as the glorious land – it is represented by Obama and Clinton – I want us to think about the constitution – and what US was intended to be –

2014 -

2014 – SL for priests – where did it come from – from the republican party – trump, steven bannon

2016 – Trump elected and horn broken –

2018 – trump established as dictator

We have gone 5 yrs from our SL – and who Trump is should be established – we go through 14, 15,16 and have wrong understanding about US – and the constitution –

Many people saying that Clinton and trump are the same – both bad – but don't get this from prophecy – you get it from news in US.

If we think the constintution is there to protect against taxes and gay marriage – we are wrong – with only a few months – we need to be serious about these questions

We are slowly moving to the COP and we are oblivious to the situation.

Antigonus is killed – and 500 elephants determine the outcome – 3 enemies beat him using new mode of warfare

Alpha and omega- the way US began that drafted the constitution – when Antigonus died he was doing the same work – uphold the constitution.

This is 1 application of Ipsus – when it comes to these histories – we discover that there is more than 1 layer – 301 Bc is Ipsus – and we create a story of civil war – Alex empire – and these 2 people – are not fighting each other – 3 levels of US gov

3 allies win battle in Antiognus – and the elephants split the army – and isolate him til he is killed

2016 – the problem is that the 500 elephants suggest Clinton destroyed by the government –

KN – Demetrius

KS – Pyrrhus –

This is the 1st perspective – when we come back consider 2016 explained from different angle.

Prayer –thank you for history

Ipsus – part 2 = Part 6 – March 4th 2019

4 battles

Ipsus – 2016

2018 – Heraclea

Ipsus – history of Pyrrhus = KS –

1. Pyrrhus vs Demetrius (KS vs KN)
2. Stalin vs Hitler
3. Ptolemy vs Seleucus

Dan 8:8 and 11:4 gives you this history – of Greece – 4th Diodochi war

Dan 11:5-15 = battles between Seleucus and Ptolemy

Dan 11:13 – 15

Dan 11:13 For the king of the north shall return, and shall set forth a multitude greater than the former, and shall certainly come after certain years with a great army and with much riches.

Dan 11:14 And in those times there shall many stand up against the king of the south: also the robbers of thy people shall exalt themselves to establish the vision; but they shall fall.

Dan 11:15 So the king of the north shall come, and cast up a mount, and take the most fenced cities: and the arms of the south shall not withstand, neither his chosen people, neither *shall there be any* strength to withstand.

This is Panium

Where KN beast KS

Raphia.....Panium

Mid.....MC

COP.....2nd coming (Priests)

V13 - KN is returning (they have fought before at Raphia – 217BC where Ptolemy beat Seleucus – also known as battle of Gaza)

Raphia – is different kings to Panium (200BC)

Panium – Antiochus the 3rd

KN – was a 10yr old boy – so his general fought – Scopas

Raphia – is Antiochus 3rd

KS- Ptolemy 3rd Philopater

Not suggesting that different in our line – 2 kings can represent the same person but give us more detail – seems like a discrepancy.

This is Trump and Putin

Dan 11:10 But his sons shall be stirred up, and shall assemble a multitude of great forces: and *one* shall certainly come, and overflow, and pass through: then shall he return, and be stirred up, *even* to his fortress.

This is 1989 – 2 sons – one begins the work and then dies – and the other finishes the work – 2 kings – 1989 - KS is defeated by 2 presidents – Reagan and Bush (finished it)

TOE – characteristic – in KN we see transition of power – change of US presidents in our history –

There would be a future battle between KN and KS after 1989 – so we understand that KS not completely defeated

V7,8

Dan 11:6 And in the end of years they shall join themselves together; for the king's daughter of the south shall come to the king of the north to make an agreement: but she shall not retain the power of the arm; neither shall he stand, nor his arm: but she shall be given

up, and they that brought her, and he that begat her, and he that strengthened her in *these* times.

Dan 11:7 But out of a branch of her roots shall *one* stand up in his estate, which shall come with an army, and shall enter into the fortress of the king of the north, and shall deal against them, and shall prevail:

Dan 11:8 And shall also carry captives into Egypt their gods, with their princes, *and* with their precious vessels of silver and of gold; and he shall continue *more* years than the king of the north.

History of prior battle – begins with treaty or alliance for peace – daughter of KS marries the KN – she is killed and alliance breaks down – KS comes against KN

222BC – v10

V6 – 8 – is history of 253 – 46 – alliance that is broken then go to war

France and Papacy have alliance – only for 1 yr – treaty of Tolentino – and causes KS to invade papacy when broken.

V5 - Dan 11:5 And the king of the south shall be strong, and *one* of his princes; and he shall be strong above him, and have dominion; his dominion *shall be* a great dominion.

We are tracing back conflict bet KN and KS – because fighting for a reason – future KN is described as general of KS – Ptolemy allows/helps Seleucus to take Babylon –

General is stronger than Ptolemy - it is saying KN (Seleucus) will be stronger than Ptolemy – and he will rule long time.

Trying to take down each others empire – Seleucus does not want Egypt – but he wants Coele Syria (a highly sought after area) not fighting for each others kingdom – just an area in the middle – this is the battle of Ipsus – 301BC – where was Ptolemy – he does not turn up!

Sel brings elephants and kills Antigonus

The 3 declare that Sel should have Coele Syria – but Ptolemy had it before – he goes up and takes it before Sel gets it.

Then both generals die – and their descendants go to war over the area.

There is no Raphia without Ipsus – it is the cause that causes the sequence of the wars – 6 Syrian wars

Panium is the 5th war – the 6th one is ignored – because KN so weak

There is a 2nd perspective of Ipsus

We need to consider from Sel and Ptolemy

Sel and Ptol is supporting him – KN in alliance with KS (Dem and Pyrrhus)

Fighting against Antigonus – same person in both stories – still Alex, person like an ancestor

Sel kills him with new mode of warfare

Antigonus is Clinton - (because 2 people fighting with common cause to take over the 3 powers.

To achieve 1 goal

Clinton vs Trump (allied with Putin)

Eye fell in 1844 – when killed he is blinded

Loses both in 2016 – republican horn – system of gov not a dictatorship – but we can mark it rising up there – and we say a dictator falls – same person – but different phases

Panium a dictator rises up and SL – same person – less and less restrained but system of gov died at 2016 – would there be a harvest without Trump?

Who brings the SL – apostate Protestantism – only 1 spoke for them and is bring together church and state.

WE can also see Ptolemy and SEI

Daniel took 323301 – and skipped this history – from alex to 4 generals – the death of Antigonus – skips 22yrs – everything in between is noise –

Prayer – there are people afraid – and our work is to bring them into your kingdom – and give us the training to do the work

Boston Concord and Exeter – part 7 - 5th March 2019

Dan 8:8 and 11:4 – 4 wars that Daniel skips

Demetrius and Pyrrhus: (4 Diadochi wars)

323.....22yrs.....301

Alex dies.....1.....2.....3.....4.....Effect (Antigonus dies)

Ptolemy and Seleucus: 4 Wars

301 (Ipsus)....1.....2.....3.....4.....217 (Raphia)

2016.....2019

Kn AND KS begin by alliance in above line – then go to war –

So follow same pattern in our history

We can skip middle history and call it noise – because Daniel did

EW 260.1

Many look with horror at the course of the Jews in rejecting and crucifying Christ; and as they read the history of His shameful abuse, they think they love Him, and would not have denied Him as did Peter, or crucified Him as did the Jews. But God who reads the hearts of all, has brought to the test that love for Jesus which they professed to feel. All heaven watched with the deepest interest the reception of the first angel's message. But many who professed to love Jesus, and who shed tears as

they read the story of the cross, derided the good news of His coming. Instead of receiving the message with gladness, they declared it to be a delusion. They hated those who loved His appearing and shut them out of the churches. Those who rejected the first message could not be benefited by the second; neither were they benefited by the midnight cry, which was to prepare them to enter with Jesus by faith into the most holy place of the heavenly sanctuary. And by rejecting the two former messages, they have so darkened their understanding that they can see no light in the third angel's message, which shows the way into the most holy place. I saw that as the Jews crucified Jesus, so the nominal churches had crucified these messages, and therefore they have no knowledge of the way into the most holy, and they cannot be benefited by the intercession of Jesus there. Like the Jews, who offered their useless sacrifices, they offer up their useless prayers to the apartment which Jesus has left; and Satan, pleased with the deception, assumes a religious character, and leads the minds of these professed Christians to himself, working with his power, his signs and lying wonders, to fasten them in his snare. Some he deceives in one way, and some in another. He has different delusions prepared to affect different minds. Some look with horror upon one deception, while they readily receive another. Satan deceives some with Spiritualism. He also comes as an angel of light and spreads his influence over the land by means of false reformations. The churches are elated, and consider that God is working marvelously for them, when it is the work of another spirit. The excitement will die away and leave the world and the church in a worse condition than before. {EW 260.1}

Look at horror on crucifixion of Christ and say we would not have done that – protestants crucify the message – same as rejecting Christ.

Can 144k reject former message – 1989 and 911 – and then pass later – cannot pass if reject light of 1st angel, no hope in the 3rd. Different delusions for diff minds

Then 144k
